

March

This Month:

Math: March will begin with multiplying and dividing fractions. Students will practice these along with previously learned skills.

Reading:

Students will use fiction and nonfiction text to work on inference skills. They should continue to read at home building vocabulary and fluency.

Health: In class, student's combine math with health skills to learn about healthy lungs.

Science: Students continue working on force and motion in 3rd quarter. There were some amazing cars built and tested to explore the science concepts.

Important Dates

March 16-PTO
